I. INTRODUCTION

On May 12, 1994, pursuant to G.L. c. 164 App., §§ 2-1 through 2-10 and 220 C.M.R. §§ 7.00 et seq., Western Massachusetts Electric Company ("WMECo" or "Company") filed with the Department of Public Utilities ("Department") a petition for approval by the Department of the Company's proposed surcharge of \$0.27 per monthly bill for the residential energy conservation services ("ECS") program for the fiscal year July 1, 1994 through June 30, 1995 ("FY 1995"). On June 6, 1994, due to a revision in the Mass-Save, Inc. ("MSI") budget numbers for FY 1995, WMECo filed a revised calculation of its proposed ECS surcharge. As revised, the Company's proposed ECS surcharge is \$0.25 per bill per month. WMECo is a member utility of MSI, which provides ECS services to the Company's customers on behalf of WMECo. The petition was docketed as D.P.U. 94-81-A.

Pursuant to notice duly issued, a hearing was held at the offices of the Department on June 1, 1994. No petitions for leave to intervene were filed. In support of its petition, the Company sponsored the testimony of one witness: Sung H. Chon, senior rate research analyst at Northeast Utilities Service Company.¹ The Company submitted one exhibit and responded to one

Department record request, both of which were made part of the evidentiary record.

II. ECS SURCHARGE

For FY 1995, the Company proposed an ECS surcharge of \$0.25 per bill per month (RR-DPU-1). The proposed ECS surcharge is \$0.05 per monthly bill greater than the ECS surcharge approved by the Department in Western Massachusetts Electric Company, D.P.U. 93-91L (1993) for the fiscal year July 1, 1993 through June 30, 1994 (Tr. at 9).

The Company's record request response indicates that its share of MSI's proposed FY 1995 ECS program budget, approved by the Department in Mass-Save, Inc., D.P.U. 94-81 (1994), is \$549,814 (RR-DPU-1). In addition to the projected ECS program expenditures, the Company provided documentation which reconciled undercollections and overcollections from prior fiscal years (id.). The net effect of these reconciling items is an undercollection of \$122,616 for FY 1994, and an overcollection of \$77,908 for prior fiscal years (id.). The result is a net amount to be collected in FY 1995 of \$594,522 (id.). The proposed ECS surcharge of \$0.25 per bill is calculated by dividing the total number of bills expected to be rendered during FY 1995 by the net amount to be collected (id.).

III. FINDINGS

Based on the foregoing, the Department finds:

1. that the proposed FY 1995 ECS program budget, budget reconciliations, and proposed FY 1995 surcharge, are reasonable; and

2. that the ECS surcharge to be applied to Company bills during the fiscal year July 1, 1994 through June 30, 1995 shall be \$0.25 per bill per month.

IV. ORDER

Accordingly, after due notice, hearing, and consideration, it is

ORDERED: That the ECS surcharge to be applied to Company bills during the fiscal year July 1, 1994 through June 30, 1995 shall be \$0.25 per bill per month; and it is

FURTHER ORDERED: That the Company shall be required to file for an adjustment to its ECS surcharge in the event that it is overcollecting by more than ten percent at the end of the third quarter of FY 1995.

By Order of the Department,

Kenneth Gordon, Chairman

Barbara Kates-Garnick, Commissioner
